Preparing for Natural Disasters & Terrorist Attacks

WorldEmergency provides the basic necessities of life: food, clothes, shelter, emergency and medical first aid. We provide survival kits, supplies, and equipment for earthquakes, fires, floods, & civil unrest, whether caused by natural or unnatural disasters such as terrorist attacks or war. We also manufacture portable emergency facilities designed into homes, schools, offices, hospitals, jail units, command centers, fall out shelters, or bunkers. All facilities are powered by our patented design Monolith System ESP (Energy Solar Power) which provides electrical power 24 hours a day without being hooked up any outside local power source. Below is one of our complete, portable emergency command centers.

WorldEmergency®

The Watchmen Program®

WorldEmergency®

WorldEmergency will set up emergency disaster command information centers in every major city throughout the United States. These portable centers will contain all of the local & federal authorities, working together, side by side, to help deter and stop potential threats of terrorism. Emergency kits and medical supplies will be in storage for a percentage of citizens within the city. The Police & Fire Departments, Search & Rescue Teams, FEMA, Homeland Security, the CDC, & other agencies will give help and understanding to citizens in every major city, providing information on what to do and how to do in a terrorist attack or threat, and also lending peace of mind.

We have joined forces with other companies to provide you with a wide range of products and services.

1) WorldEmergency Inc. ®; WE Nurses Inc. ®

We provide the basic necessities of life: food, clothes, shelter, emergency and medical first aid. We provide survival kits, supplies, and equipment for earthquakes, fires, floods, & civil unrest, whether caused by natural or unnatural disasters such as terrorist attacks or war. We also manufacture portable emergency facilities designed into homes, schools, offices, hospitals, jail units, command centers, fall out shelters, or bunkers. All facilities are powered by our patented design Monolith System ESP (Energy Solar Power) which provides electrical power 24 hours a day without being hooked up any outside local power source.

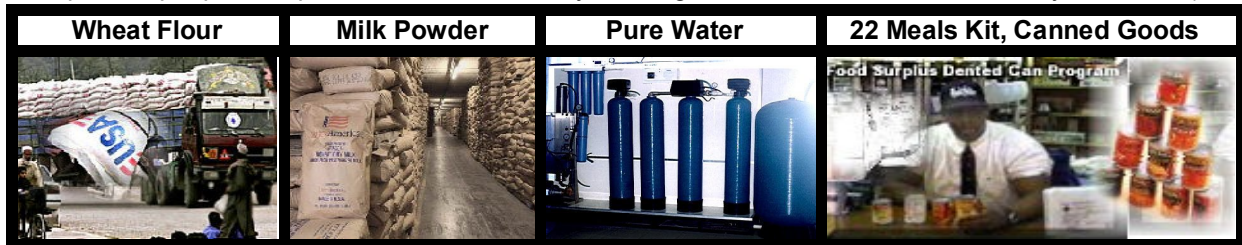

WorldEmergency Nurses is an International Work Force that provides career opportunities and experience of the world & other cultures. We specialize in providing nursing personnel to hospitals, nursing homes, clinics, and patients' homes internationally.

2) Land of Milk & Honey Inc. ®

The Land of Milk and Honey exports US goods and commodities such as wheat flour, milk powder, cotton, canned goods, other items, also providing farm and construction equipment, such as tractors and bulldozers, as well as office equipment and supplies, steel, water products, and emergency survival kits (such as House in a Bag) to Asia, Europe, and the Middle East. The company also imports different food and non-food commodities to the USA and Africa. (New Item: we now provide portable water purification and bakery centers for people who are displaced from their homes. These portable units can be shipped at a moment's notice to whatever area is in need, to provide people with purified water and freshly baked goods on location, 24 hours a day if need be.)

3) CSJ Message Sportswear Inc. ®

CSJ Message Sportswear is a manufacturing company that manufactures all types of sportswear such as t-shirts, sweatshirts and pants, jackets and hats, with licensing capability to produce all our goods with all the American sports team logos, as well as other name brand products. Also, all the apparel can be tailor made with your private label on it. We also supply men's and women's underwear and lingerie. Moreover, we can provide ready made garments for tens of thousands of people at a time in emergency situations; people displaced from their homes do to civil unrest or war. We can also provide a large volume of used clothing to fill all your needs. Athletic shoes can be made available according to your specifications.

4) Team Security Inc. ®

Team Security provides all security services such as bodyguards, security patrol, detective work and electronic surveillance, as well as security alarm systems for stores, office buildings, warehouses, and homes. Also we carry a complete line of security equipment and uniforms for military and civilians. We provide a wide range of security deterrent weapons and devices--such as pepper spray, and stun guns--all in various forms, powers, and functions.

5) Creative Development Inc. ®; Mobile Facilities Inc. ®

Creative Development provides portable homes (temporary structures, shelters, & tents), schools, offices, hospitals emergency units, jail and detention units, local and federal command centers, fall out shelters and bunkers. We also sell construction equipment for building. Moreover, we have many acres of land available for sale in the United States for any construction project that you desire. All facilities are powered by our patented design Monolith System ESP (Energy Solar Power) which provides electrical power 24 hours a day without being hooked up any outside local power source.

6) Chariots of Fire Inc. ®

Chariots of Fire can deliver all kinds of products all over the world. Products such as: disaster relief equipment and assistance, computers, mass food and non-food commodity goods. It is also a wholesale transportation company selling all kinds of transport systems such as cars, trucks, vans, boats, and planes.

7) The Work Inc. ®

The Work, Inc. can provide communication satellite centers for schools and information learning centers furnished with computers and other office equipment, such as copy and fax machines to be accessible for officials, students, and the general public. These centers are equipped with high-speed internet web access via satellite. All can utilize these systems in a disaster emergency providing them with information on what to do and how to do in a disaster, whether natural or man-made, such as a terrorist attack or threat.
